THE BEST IN BLACK

Superior manufactures our black vinyl to last! You get all the benefits of Superior's products in an on-trend color that customers are looking for.

- Custom vinyl formulation with UV inhibitors prevents dramatic fading
- Aluminum reinforcement channels in fencing, railing, and pergolas provide long-term strength
- Stronger warranty than nearly all of our competitors, with a limited lifetime warranty on product, a five-year prorated labor warranty, and a 10-year color fade warranty

10 Year Color Fade Warranty

Superior backs our colors with a strong warranty, covering any fading greater than 3 Delta E units

 **MANUFACTURED IN THE USA**
Superior's products are proudly designed and manufactured in the USA to ensure a quality fit and finish.

What is a Delta E Unit?

A unit of 1 Delta E means the colors being compared can barely be differentiated by the human eye.

On the other hand, a Delta E unit that falls between 3 – 6 means the colors are visibly different, but still an acceptable match in commercial reproduction.
