Incredible Durability

Crafted to uncompromising quality standards, our quartz sinks set the industry standard for quality, durability and performance. Combining high grade quartz crystals with pure acrylic resins produces a sink of incredible strength. Extremely resistant to scratching, chipping, staining, and heat resistant over 530°F, these sinks represent the pinnacle of durability.

Q Series: Seamlessly undermounts into solid surface, laminate and stone countertops.

QA & QAR Series: Farmhouse apron front models. QA models feature a deeper 9¼" apron while the QAR's shorter 6½" deep apron allows for installation into a standard sink base cabinet.

QU Series: Undermount sinks for all solid surface, granite and quartz countertops.

QT Series: Top mount sinks for any countertop.

Inspired Innovation

The world's only stainless steel sinks with machined resin rims, perfect for seamless integration into all laminate and solid surface countertops. Choose from an array of stunningly elegant and precisely hand-crafted designs, all produced from the highest quality 18 gauge stainless steel. All kitchen sinks feature generous 9" deep bowls whilst the E-528 laundry sink features an expansive 14" deep bowl. For your commercial restaurants and bathrooms, the seamless undermount EW-07 and EW-09 trash chutes are the most hygienic solution.

Bold Choices

Classic and modern designs with a mix of traditional finishes like chrome to bolder choices like matte black. Karran bathroom faucets are designed with style and performance in mind. When pairing a faucet with your bathroom sink, consider a 5" to 8" tall faucet for all undermount and drop-in styles of sinks. Vessel bathroom sinks sit higher on the countertop due to their above counter installation, making our taller 11" to 14" faucets the right choice. All faucets include a pop-up drain in the same finish as the faucet.

Grids to Suit

Karran sink bottom grids are manufactured from durable, high quality stainless steel. They are specific sizes and fit specific Karran sink models. Grids help to protect the sink's surface from scratches, scuffs and marring for pots, pans and utensils. All bottom grids are dishwasher safe.
