INTRODUCING SONOMA

▶ WE ARE PLEASED TO BRING YOU SONOMA — A REPLACEMENT FOR OUR SIERRA DOOR STYLE.

IMPROVEMENTS

- New manufacturing facility for upgraded processes
- Improved finish application
- Added capacity
- Noticeable construction and quality improvements
- Enhanced packaging integrity

QUALITY

- Sonoma offers enhanced finish processes and improved construction methods
 - Finishes are color matched for same shades, but has improved finish application
 - Construction changes are made to provide greater strength and structural integrity

DO NOT MIX

- Sonoma and Sierra should not be mixed within the same installation. Toekick depths will not align, and finish application is visually noticeable when cabinets are adjacent.

SONOMA CONSTRUCTION IMPROVEMENTS AT A GLANCE

	SONOMA	SIERRA
