SHOWER BASES

FSL Shower Bases

Ultra-premium solid stone-resin construction. Repairable, renewable surface with superior durability and weight capacity.

FZS Shower Bases

SMC shower base made from composite material composed of resin, fiberglass, and stone filler. Low profile 1" height threshold, 4" wide. 2 3/4" tall adjustable threshold available. Customizable in the field to fit your space

FL Shower Bases

SMC shower base made from a composite material composed of resin, fiberglass, and stone filler. Diamond pattern slip resistance. 3" threshold width and 3" tall.

FLU Shower Bases

SMC shower base made from a composite material composed of resin, fiberglass, and stone filler. Modern slip resistance w/ stone look. 3 1/2" threshold width 2 5/8" tall.

Curbless Wet Room (Pre-Tile Base)

Create a seamless integration with the tile floor. Precise alignment of the drain. Waterproofing kit available.

FTD Trench Drain (ADA)

Light weight SMC sheet molding compound material. Integral 1" high tiling flange for a waterproof installation.

SHOWER DOORS

Bypass Doors

A classic sliding shower door system where two glass panels glide past each other on a track. Ideal for bathrooms where space is limited since no door swing area is needed. Great for tub showers or standard alcove openings.

Barn Doors

A modern exposed-rail sliding shower door that rolls smoothly across the top bar for a bold, upscale look. Barn doors offer a wider entry opening and create a clean, designer-style statement in contemporary bathrooms.

Pivot Doors

A hinged shower door that swings open like a traditional door. Excellent for larger bathrooms where you have room for door clearance. Provides a spacious entry and a sleek, elegant appearance.

Door and Panel System

A premium shower enclosure featuring an operable door combined with one or more fixed glass panels. Perfect for walk-in showers, wider openings, and custom layouts. Offers an open, luxurious feel with a modern frameless appearance.

SHOWER COMPONENTS

Delasi Collection

Thermostatic valve has the ability to be set and to maintain a specific water temperature with precision. It ensures a consistent and comfortable shower experience without the need for constant adjustment. FlowStat two function valve and trim meets the ADA standard. ArgoTherm Push-button valve and trims are user-friendly and easy to operate.

Maestro Collection

Pressure Balance valve with screw stop mechanism to adjust water flow rate ensures a consistent and satisfactory water experience despite variations in water pressure and provides a straightforward way to make adjustments without the need for complex controls

Serenity Collection

Pressure Balance valve with screw stop mechanism to adjust water flow rate ensures a consistent and satisfactory water experience despite variations in water pressure and provides a straightforward way to make adjustments without the need for complex controls. Valve includes screw stop to shut off the valve in the shower for convenient repairs. Cartridge is reversible and available as a replacement at many big box locations.

Showering Components

There are multiple finish, function, style, and size options to suite your bathroom. Tailor your bathing area to your personal taste by selecting shower fixtures that enhance and elevate your showering experience.

Tubs

Samuel Mueller offers a stylish selection of bathtubs designed to bring comfort, elegance, and everyday durability to any bathroom space. With options including freestanding, alcove, drop-in, and resin stone models, their tub collection blends modern design with quality craftsmanship to fit a wide range of layouts and styles. To complete the perfect setup, Samuel Mueller also offers coordinating tub fillers in a variety of finishes and designs—making it easy to create a seamless look that matches your vision from tub to faucet.

Smart Bidet Toilets

Samuel Mueller bidet toilets combine modern style, advanced hygiene, and everyday comfort in one sleek design. Features may include heated seats, warm water cleansing, warm air drying, automatic flushing, self-cleaning nozzles, and remote controls. A smart, high-end upgrade for today's modern bathroom.

Vanity Cabinets

Samuel Mueller vanity cabinets combine style, quality, and everyday function for any bathroom space. Available in a variety of sizes, finishes, and styles, they offer practical storage, lasting durability, and modern designs perfect for updates or full remodels.

Vanity Tops

Samuel Mueller vanity tops combine style, durability, and low-maintenance performance for a beautiful finished bathroom. Available in quartz and solid surface options, with a variety of colors, sizes, and sink configurations, they offer a clean modern look with lasting quality—perfect for quick updates or full remodels.

Lavatories and Vessel Bowls

Premium wood construction available in multiple sizes and finishes. Features soft-close doors and drawers.

Mirrors

Samuel Mueller mirrors combine modern style, everyday function, and premium design to complete any bathroom space. With sleek frameless styles, LED backlit and front-lit options, and a variety of sizes and shapes, their mirror collection adds both beauty and practical lighting to any remodel or new build.

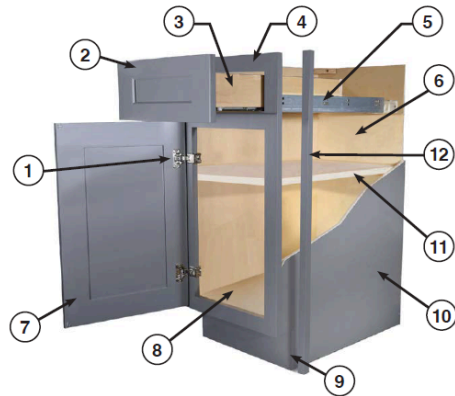

Calcium Guard

CalciumGuard is a physical water conditioner that inhibits scale buildup and corrosion while also removing current scale buildup. This electrostatic device combines the dielectric characteristics of its construction with the hydraulic conditions present during operation to precipitate calcium and magnesium into suspension. This inhibits scale from adhering to surfaces and creating buildup.

Samuel Mueller extends its commitment to quality and style into a full range of bathroom fixtures. Our toilets and vanity collections are designed to provide lasting durability while elevating the overall design of your space. From high-efficiency toilets to customizable vanity sets, find the perfect components to finish your dream bathroom.
