

The pinnacle of Samuel Mueller, the TRINITY COLLECTION is made from a state of the art technology that creates a panel that in many ways is better than nature.

Super high resolution digital images are transferred to a specialized aluminum panel that yields an appearance of genuine stone, porcelain or concrete.

TRINITY COLLECTION

▼ KI03 | **BLACK CARARRA**

High gloss or luxury honed matte panels have the look and feel of gorgeous natural stone or highly Glossy large format porcelain panels.

Ideal for remodeling and new construction. Walls glue right over existing surface.

- Easy to clean.
- Scratch & impact resistant.
- Beautiful classic colors.
- 10 Year warranty

Here is an example of WHITE CARARRA being used in three setting within the home.

▼ KI01 | **WHITE CARARRA** | Shower Space  
Finish: Glossy or Honed

Not only is the TRINITY Collection great for showing off an elegant shower, but TRINITY wall panels can also be used to bring style to several area of your home, including the kitchen and living spaces.

▲ KI01 | **WHITE CARARRA** | Fireplace Surround  
Finish: Glossy or Honed

TRINITY features include waterproof qualities as well as heat resistance, making it especially useful as a kitchen counter backsplash.

Finish: Glossy or Honed

## Features of TRINITY Panels

- Panels are each 4mm thick with 3 layers; a sandwich of thick aluminum on both the surface and back with a strong mineral resin core in the middle for strength.
- Technical qualities provide for strength and stability, with a structure that is highly water resistant.
- Each design has 5 random patterns for a very natural marble or stone look.
- Panel designs are also available as a matching book-matched pattern. These unique designs are reversible thereby creating two different possible book-matched patterns with the same 2 panels.
- Surfaces are highly scratch resistant and are available in 2 different finishes; super high gloss and honed. Concrete panels come with a realistic textured finish.
- Lightweight for easy installation and handling.

All Wall Sets include two inside corner trim and two edge trim pieces.

60" wide shower sets include one seam trim. The seam can be covered by color matched mildew resistant silicone adhesive or seam trim as your preference.

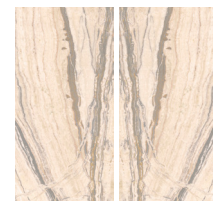

All color available in Glossy and Ultra Honed finishes, except Concrete KI34 (Only in Matte Textured).

96" PANEL SIZES (Inches)
36 x 36 x 96
48 x 36 x 96
60 x 36 x 96
60 x 48 x 96

Bookmatch  
Pattern AB

Bookmatch  
Pattern BA

Bookmatch Patterns available for all colors.

Single panels are sold each and in bulk pack of 10 wall panels in same color and are trimmable. Bookmatch panel only comes in 39" wide, but are available in 36 x 96 and 48 x 96.

TRINITY Collection also offers 4 Deco Strip options which add character to showers and help highlight colors shared within your bathroom.

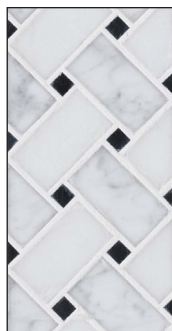

Walls can be trimmed to size in the field.

60 x 36 x 96

As in any natural stone configuration, no two slabs are precisely the same. Nature requires slight deviations even in the most mundane patterns. However, the natural movement in these patterns lets one's eyes discern that this is a natural material.

As in any natural stone configuration, no two slabs are precisely the same. Nature requires slight deviations even in the most mundane patterns. Likewise TRINITY panels are also nuanced. For each pattern, each slab has 5 subtle yet different panel patterns that actually replicate the natural movement of real stone.

▲ K103 | **BLACK CARARRA**  
Finish: Glossy or Honed

The result is technology replicating reality. Expand the concept of a “bathroom” panel to now include an entire room panel. Not only are Trinity panels ideal for the shower or tub area, they are simply divine for other areas of your home or office.

Four foot wide panels join with either color matched silicone adhesive or a color matched minimalist seam trim. The result is the look of natural stone at a considerable cost savings.

▲ KI31 | **SABANA GREY**  
Finish: Glossy or Honed

As in any natural stone configuration, no two slabs are precisely the same. Nature requires slight deviations even in the most mundane patterns. Each slab has 5 subtle yet different panel patterns that actually replicate the natural movement of real stone.

As mentioned before, TRINITY Panels are waterproof and heat resistant, which are perfect as a kitchen backsplash. Also, panels are simple for cutting outlets and switches.
