

Butcher Block Finishes and Stains

Description: Emmet's "Good Stuff"® is an easy-to-use urethane gel for raw or unfinished wood surfaces. Formulated with fast drying synthetic oils, Good Stuff is designed to enhance the natural beauty of wood while offering an outstanding protective finish that is resistant to moisture, stains and most solvents. Perfect for finishing or refinishing butcher block islands and countertops, cabinetry — even wood cooking utensils and salad bowls.

Description: Varathane® Weathered Wood Accelerator creates a weathered look on bare or untreated wood. It replicates the aging process that happens in nature by reacting with the wood to create a unique one-of-a-kind aged gray look. No need to find an old barn or old wood to get a reclaimed look. Water-based

Description: Minwax® Wood Finish™ is a penetrating oil-based wood stain, which provides beautiful rich color that enhances the natural wood grain. It applies easily, absorbs deep into the pores of the wood, and is ideal for staining unfinished wood furniture, cabinets, doors, trim, molding, and hardwood floors. Oil based.

Red Mahogany 225 Semi-Transparent

Description: Varathane® Aged Wood Accelerator creates an aged look on bare or untreated wood. It replicates the aging process that happens in nature by reacting with the tannins in the wood to create a unique, one-of-a-kind rustic brown. No need to find an old barn or old wood to get a reclaimed look. Water-based

Description: Minwax® Wood Finish™ is a penetrating oil-based wood stain, which provides beautiful rich color that enhances the natural wood grain. It applies easily, absorbs deep into the pores of the wood, and is ideal for staining unfinished wood furniture, cabinets, doors, trim, molding, and hardwood floors. Oil based.

Cherry 235 Semi-Transparent

Description: Protect interior wood projects like woodwork, furniture and more, and add natural beauty with Minwax Polycrylic Protective Finish. The crystal-clear topcoat dries and stays clear, and protects against scratches, scuffs, and blemishes to protect the wood surface beneath. It's ideal for use over all Minwax Oil-Based and Water-Based Stains and colors and all wood species including light woods like maple, ash & birch. Ultra-fast-drying protective coating allows for quick recoats after 2 hours. Easy to clean-up the clear wood finish with soap & water. Water based.
