

PLACID POINT OUTDOOR LED LIGHTING

DIE-CAST & POWDER-COATED LIGHTS
FOR POSTS, STAIRS & DECKS

placidpointlighting.com

SEE YOUR BACKYARD IN A **NEW LIGHT**

Create stunning focal points while adding atmosphere to your backyard or deck area. Placid Point Lighting allows you to transform and creatively illuminate all types of outdoor spaces and improve your outdoor enjoyment, all while increasing your home's curb appeal and value.

Placid Point's LEDs emit a warm white light, providing just the right ambiance while adding safety and security to your outdoor living. From our Samsung LEDs to our quality Molex waterproof connectors, Placid Point Lighting is engineered to bring beauty that lasts.

NOW FEATURING

Brighter Lights and an Easier-to-Operate Control Hub!

ENERGY EFFICIENT

All of our lighting products have been designed to promote cost savings and environmental sustainability. The long-lasting LEDs in our Downlights and Post Cap Lights offer a low wattage, eco-friendly approach to safety and accent lighting without sacrificing brightness.

PROPRIETARY CONTROL HUB

Our proprietary control hub is easy to use and comes in an aluminum housing color matched to your lighting package. It gives you all the features you need for a customized lighting experience. You can control the brightness, set your lights to stay on for any length of time or use the default dusk til dawn setting.

SEAL-COATED PROTECTION

Each unit's circuitry is seal-coated with conformal coating to help maintain the product's original condition and maximize longevity. The coating prevents corrosion by creating a barrier between the electrical components and the elements. That means this unit will maintain its superior functionality for years to come.

MADE IN THE USA

Placid Point Lighting products are proudly designed and manufactured in the USA to ensure a quality fit and finish.

ILLUMINATING YOUR OPTIONS

These durable powder-coated, die-cast aluminum products are made with corrosion-resistant protection against the elements. Each one can be powder-coated in any one of the 15 colors available.
