PAINT COLORS

Color By Number is not available with panned glazes, finish techniques, or matte sheen.

*Lead times may extend due to increased volume in the Color by Number backlog. Applies to cabinetry orders and sample orders.

Please note that paints featuring the same color name as your cabinetry are not guaranteed to be an exact color match. If you desire to match the color of your cabinetry to paint other areas in your home the same color, take a cabinet door to your paint store to be color matched to reduce the likelihood of color variation. Exact color matching is not guaranteed. Wolf Home Products is not responsible for color discrepancies. Never match to a printed sample. Sherwin Williams and Benjamin Moore paint sample materials should be used for accurate color representation.
