

PIONEER COLLECTION

PIONEER wall panels, made from a SMC Sheet Molding Compound material, features beautiful color that goes through the entire thickness of the material for a renewable surface that is both scratch and impact resistant.

Available in 4 unique and attractive patterns and 2 colors, all at an affordable price point.

Pioneer SMC shower and tub walls offer an attractive, realistic, easy care 3" x 8" subway tile pattern, a textured herringbone pattern, a hexagon pattern, or a modern 12 x 24 vertical, textured tile pattern, that add beautiful, low-maintenance options for your bath or shower.

Wall panels are trimmable and easy to install. PIONEER walls are durable, resistant to stain and virtually maintenance free.

Wall heights available 72" and 96".

Wall widths available 36" and 60".

Wall kits include 3 wall panels, brushed aluminum inside cove and finished end trim pieces.

PIONEER COLLECTION

PIONEER wall panels are ideal for remodeling. Walls are even easier to install than tile and conveniently glue right over old tile or wallboard, making installation a breeze.

PIONEER's wall surfaces are scratch and impact resistant. They also clean up easily by using only a mild soapy solution.
